

# PANTRY

## Declutter Checklist

- Take everything out
- Sort by food type
- Throw away expired food
- Remove any foods that you don't like or know will not get eaten
- Clean all shelves and your floor
- Make a grocery list of staples that were running low or expired
- Put everything back in pantry

*Remember...*

you are decluttering items that you do not need/use or does not belong in the *Pantry*
